COURSE OBJECTIVES
At the end of this course participants should have reduced their knowledge deficits and be able to increase their practice performance with respect to use of pediatric mass transfusion protocol, management of hypothermia in pediatric trauma; the identification of non-accidental injury as a manifestation of abuse; improved their assessment of spinal injuries and updated their competencies regarding recent advances in pediatric traumatology.

COURSE DESCRIPTION
This course will focus on improving the quality of pediatric trauma care in the state of Alaska.

REGISTRATION INFORMATION
Registration: Physician members of the medical staff and employees at Providence Alaska Medical Center are not required to pay a registration fee for attending this course.

Physicians who are NOT members of the medical staff at Providence Alaska Medical Center will be required to pay a registration fee of $50. Non-physician medical providers who are not employed at Providence will need to pay a registration fee of $35. All attendees will need to complete a course evaluation if they wish to receive CME credit for attending the conference. The registration fee for students is $10.

Cancellation policy: The course fee (for physicians who are not members of the medical staff at Providence Alaska Medical Center) includes a registration component of $10, which reflects administrative costs in producing the course and is not refundable. The remainder of the course fee is refundable if cancellation notice is received up to one working day before the program. To cancel call 907-212-3185 or fax 907-212-4865. Otherwise the fee is transferable to any course at Providence Alaska Medical Center within one year.

FACULTY
Jonathan I. Groner, M.D.
Professor of Clinical Surgery, Nationwide Children's Hospital, Columbus, Ohio

Estrada Bernard, M.D.
Department of Surgery, Providence Alaska Medical Center

B.J. Coopes, M.D.
Department of Pediatrics, Providence Alaska Medical Center
GENERAL INFORMATION

Disclosure: In compliance with Washington State Medical Association and ACCME accreditation criteria, Providence Health & Services Alaska, as the accredited provider of this activity, must ensure that anyone in a position to control the content of the educational activity has disclosed all relevant financial relationships with any commercial interest. All reported conflicts are managed by a designated official to ensure bias-free presentation. Please see the notice at the sign-in desk for complete disclosure information.

Accommodation: Persons having a disability for which reasonable accommodation can be made are requested to contact Providence Medical Staff Services before Tuesday, June 10.

ACCREDITATION

Credit: Providence Health & Services Alaska is accredited by the Washington State Medical Association to provide continuing medical education for physicians. Providence Health & Services Alaska designates this live activity for a maximum of 4.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This activity meets the criteria for up to 4.0 hours of Category 1 CME credit to satisfy the relicensure requirements of the Washington State Medical Quality Assurance Commission.

Certificates: Individual continuing medical education certificates will not be provided. PAMC Medical Staff Services will track all hours for individuals. At the end of 2014, each provider attending CME at PAMC will receive a detailed list of all CME received for the year. Credit hours will only be given for the educational sessions at which participants record their attendance and complete a course evaluation. If you are not part of PAMC, please indicate on your evaluation form where you would like your CME letter to be mailed to you at the end of 2014.

PROGRAM

7:30 a.m.   Registration and Continental Breakfast
8 a.m.     Welcome and Introductions
          ■ Sami Ali, M.D.
8:10 a.m.   Keys to Success in Pediatric Trauma Resuscitation
          Participants will understand differences in pediatric versus adult ABCs, understand use of pediatric mass transfusion protocol, and learn to manage hypothermia in trauma.
          ■ Jonathan I. Groner, M.D.
8:55 a.m.   Recognizing Non-Accidental Pediatric Trauma
          The diagnosis of non-accidental trauma is often delayed or missed. Learn to recognize common and uncommon patterns of child abuse.
          ■ B.J. Coopes, M.D.
9:35 a.m.   Spinal Trauma Assessment in the Pediatric Patient
          Spinal injuries in children are often difficult to identify. Learn how best to assess spinal injuries in pediatric trauma patients.
          ■ Estrada Bernard, M.D.
10:15 a.m.  Break
10:30 a.m.  What’s New in Pediatric Trauma
          Stay up to date with current hot topics in pediatric trauma, including trauma triage and resuscitation teams, AOD and PTSD screening, and new management protocols for pediatric traumatic brain injury.
          ■ Jonathan I. Groner, M.D.
11:30 a.m.  Delayed Diagnosis of Injuries in Pediatric Trauma Patients
          Varying approaches can be used in caring for the pediatric trauma patient with a distracting injury. Review multiple case presentations demonstrating missed injuries as you learn to recognize clinical signs of injury.
          ■ Jonathan I. Groner, M.D.
12:30 a.m.  Course Evaluation & Adjournment
